SKILL TECH ENTERPRISES

21 Jun, 2024 - 31 Jul, 2024

Key Skills: Product Design

Gained Practical knowledge in designing with software like AUTOCAD .

PROJECTS

PERFORMANCE AND EMISSION ANALYSIS OF A DIESEL ENGINE UNDER VARYING JATROPHA, ETHANOL, AND DIETHYL ETHER BLEND

13 Jun, 2023 - 24 May, 2024

Mentor: Dr. Subrata Bhowmik | Team Size: 4

Key Skills: Presentation, Analysis of blends, Team work, Team Coordination

The present work deals with the performance and emission characteristics of a diesel engine on Jatropha oil blends with ethanol and diethyl ether additives. This study will determine, through efficiency, power, fuel consumption, and emission for various blends, the optimal blend that realizes both environmental and performance improvements.

VORTEX TUBE REFRIGIRATOR

26 Nov, 2022 - 22 Mar, 2023

Mentor: Dr. Subrata Bhowmik | Team Size: 4

Key Skills: Teamwork Presentation Team Coordination Assembly

Vortex Tube Refrigeration System: It uses the compressed air, creates a temperature differential by a vortex effect. Heat will be taken out without moving parts.

PNEUMATIC POWERED AIR ENGINE

01 Aug, 2021 - 10 Aug, 2021

Mentor: Abhijit Sabade | Team Size: 4

Key Skills: Team Management Product Design Report Writing Team Leadership

Project Link: https://ijaem.net/issue_dcp/Pneumatic%20Powered%20Air%20Engine.pdf

A system or a engine which works on the Compressor air without adding mixing fuel like petrol or diesel related to this we also published Paper with this topic on IJAEM publications

ASSESSMENTS / CERTIFICATIONS

AUTOCAD MECHANICAL

Acquired experience with AutoCAD Mechanical for drafting and designing mechanical components. Learn to accurately create 2D drawings, generate bills of materials (BOMs), and apply industry standard annotation. Also, knowledge about the ability to provide more precision and efficiency at every step of design workflow in drafting detailed technical plans for mechanical systems.
